March 28, 2024

To the Honorable Harry Johnston, Commission Chairman, Cherokee County Board of Commissioners, and Citizens of Cherokee County:

State law and local ordinances require that every general-purpose local government publish a complete set of audited financial statements each fiscal year. This report, the 2023 Annual Comprehensive Financial Report, is published to fulfill that requirement for the fiscal year ended September 30, 2023.

Management assumes full responsibility for the completeness and reliability of the information contained in the report, based on a comprehensive framework of internal controls established for this purpose.

Because the cost of internal controls should not exceed the anticipated benefits, the objective is to provide reasonable assurance that the financial statements are free of any material misstatements.

The report has been prepared in accordance with generally accepted accounting principles, and to the best of our knowledge, the enclosed data is accurate in all material respects and reported in a manner designed to fairly present the financial position and results of operations of Cherokee County.

The County receives financial assistance through various federal grant programs and therefore is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act of 1984 and the amendments of 1996 and Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Information related to this single audit, including the schedule of federal financial assistance, findings, questioned costs, and auditor's reports on the internal control over financial reporting and compliance, are included in a separate report.

Cherokee County's financial statements have been audited by Nichols, Cauley & Associates, LLC a firm of licensed public accountants. Nichols, Cauley & Associates, LLC have issued an unmodified ("clean") opinion on Cherokee County's financial statements for the year ended September 30, 2023. The independent auditor's report is located at the front of the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

INTRODUCTION

Our History

Cherokee County was formed in 1831 from lands previously held by the Cherokee Indians. The very name of the county honors the proud people who first settled here. Its 6,900 square miles were subsequently divided into 24 other counties. Cherokee first attracted permanent residents through a land lottery while others settled along the Etowah River and dreamed of finding gold, like their Indian predecessors. Canton, the county seat, was named after the city in China, based on the city founders' attempt to establish silk production. The Canton Cotton Mills opened in 1899.

Canton Mill #2
Canton, GA

Canton Cotton Mill #2 was built in 1923 and is located northeast of the city of Canton. The mill was designed and built by C.E. Blank, an architect and builder for Dressler Industries, headquartered in New England.

Canton Cotton Mills, later Canton Textile Mills, was one of the largest manufacturers in the south. "Canton Denim" was known for its high quality and was sought by people throughout the country.

The old cotton mills have been transformed into an apartment community and retail/restaurant district along the Etowah River.

Although cotton was king, the marble finishing business in the north end of the county would prove to be the county's largest revenue producer for years to come.

Georgia Marble Finishing Works was the largest marble company in the area. This white Georgia marble façade was created in 1927 for the Cherokee County courthouse. A much larger courthouse was built in 1994, but the County still uses the beautiful historic courthouse to house smaller departments.

Georgia Marble Company purchased Georgia Marble Finishing works in 1941. Their stone can be found in monuments and public buildings around the world, including New York's Stock Exchange annex, the Lincoln Memorial, and the 24 columns of the U.S. Capitol in Washington, D.C.

historic Cherokee County Courthouse

Cherokee County Present Day

Cherokee County is perfectly located 30 miles north of Atlanta where “Metro Meets the Mountains.” The county is now 434 square miles in area, and with a population of approximately 286,535, it is the seventh largest of Georgia’s 159 counties. When people think of Cherokee County, Georgia, they often think of its rugged beauty and eclectic community. For example, the county boasts over 4,000+/- acres of parks and greenspace. The \$90 Million Parks, Recreation and Greenspace Bond, was approved by the citizens of Cherokee County on the November 4, 2008, election ballot. The bond proceeds enabled the County to improve existing parks and develop parks for active recreation and passive enjoyment.

In addition to the county’s natural beauty and recreation, Cherokee County is one of Georgia's hottest markets. Cherokee County offers a well-educated and well-equipped workforce, and exceptional transportation necessary for sustainable, long-term growth. For professionals and their families, Cherokee County offers a diverse range of housing, impressive healthcare, excellent education, low property taxes, and cultural opportunities necessary for comfortable living and continuous personal growth. There are five major municipalities in Cherokee County: Canton, Woodstock, Ball Ground, Holly Springs, and Waleska.

Park at City Center, Woodstock

Downtown Ball Ground

Etowah River Park, Canton

Holly Springs Train Depot & Community Center

Reinhardt College, Waleska

Profile of Government

Cherokee County is governed by a five-member Board of Commissioners, which includes a Commission chairman.

The Board serves as the legislative and policymaking body of the county government. It enacts county ordinances, appropriates funds to conduct county business, and provides policy direction to the administrative staff.

The County Manager works closely with the Board to assist them in developing policies and programs. Overseeing all county employees, the manager is responsible for the efficient ongoing operation of all county services. Cherokee County provides services to approximately 286,535 citizens and 6,000 businesses. Included in these services are traditional county functions such as public safety (sheriff's office, fire protection, and emergency/ambulance services), code enforcement, judicial/court services, planning and zoning, business licenses and building permits, road maintenance, parks and recreation, senior services, animal shelter services, and bus transportation.

The financial statements, schedules, and statistical tables in this report include all the funds of the primary government that are directly under the control of the Board of Commissioners, as well as its component units. A component unit is a separate legal entity for which the primary government is financially accountable. The Cherokee County Department of Public Health, the Development Authority of Cherokee County, and the Sequoyah Regional Library System are all included as discretely presented component units in the financial statements.

Local Economy

INDUSTRY MIX

Cherokee County's Industry mix is 68.6% Services, 17.4% Goods, 13.1% Government, and .9% Unclassified.

Source: <http://explorer.dol.state.ga.us/mis/Profiles/Counties/Cherokee.pdf>

The industry mix has been relatively unchanged between 2014 and 2023. Since Cherokee County is largely a residential community, services continue to be the biggest industry. Near the height of Cherokee's growth in 2008, the construction industry represented 13.9% of the mix; however, in 2009 it dropped to 6.3%. The current housing market has produced tight housing inventory, which has fueled construction to grow to 8.4% in 2023.

NEW CONSTRUCTION BUILDING PERMITS

New construction building permits are a good indicator for the economic outlook for Cherokee County. New construction building permits offer insight into the future value of the tax digest while also measuring future real estate inventory levels. The chart below highlights the growth of new construction in Cherokee County. In 2021-2022, there was significant increase in permits, which resulted in a higher property tax digest. The number of new permits slowed a little in 2023, but still show steady growth. New developments in the county provide construction jobs in the short term, while generating new operational jobs and more visitors (driving more sales tax dollars and new property tax assessments), for the future.

UNEMPLOYMENT

As of September 30, 2023, Cherokee County's jobless rate had increased slightly from 2.4% in 2022 to 2.7% in 2023. The County's unemployment rate continues to be lower than the statewide unemployment rate of 3.3% and the national rate of 3.8%. Cherokee County's rate is among the lowest in the metro Atlanta region.

Cherokee County Film Activity

2023 Film Releases

Behind the Scenes: *The Big Door Prize*

Behind the scenes of *The Big Door Prize* filming in Canton's Historic Downtown Theatre. Watch *The Big Door Prize* on Apple TV.

Local Support Yields Global Impact: Filming *Plastic Earth*

Woodstock-based Director, Executive Producer, and Writer Jack Winch created *Plastic Earth*, which he filmed partially in Cherokee County. Hosted by Actor and Comedian Rob Riggle, the documentary film released in 2023 to celebrated acclaim and offers solutions to the global plastic problem.

Workforce Initiatives

A New Way to Work: Cherokee Career Expo

Success blooms at the annual Cherokee Career Expo—a pivotal part of COED's 'Forget the Commute' campaign, fostering local career opportunities in Cherokee. This event provided job seekers with a distinct competitive edge by offering on-site interviews, resume reviews, and the opportunity to connect with Cherokee's premier employers. A unique addition to the event was the Jobseeker Virtual Bootcamp hosted by Goodwill of North Georgia, equipping participants with skills like crafting elevator pitches, polishing resumes, and acing interviews – a preparation boost that undoubtedly contributed to the event's success. The 2023 Cherokee Career Expo saw an impressive turnout, with enthusiastic potential employees pre-registering for the opportunity to meet 33 Cherokee employers.

"The Cherokee Career Expo always brings in skilled people, but the quality of candidates gets better every year."

PRODUCT

The Jones Building: A Historic Re-Development

The City of Canton's iconic and historic Jones Mercantile Building in the heart of downtown was re-developed and opened for business this fall. 2023 Movers & Makers Developer Honorees Penn Hodge and Grant Schmeelk purchased the almost 40,000 square-foot building and turned it into a mixed-use facility with retail and office space, and a restaurant on the ground floor - all while keeping true to the historic charm.

"We're honored to be developers of The Jones Building in partnership with the City of Canton and Cherokee County. We've gone through 300,000 square-feet of renovation in the last five years in this city. It continues to get better in Cherokee County, and the partnership we have with the county and city is second to none."

Grant Schmeelk,
Jones Building Co-Developer

Jaipur Living Grand Opening

In January of this year, Jaipur Living celebrated a 189,000 square-foot expansion to their headquarters which included a new 16,000 square-foot studio. Beyond showcasing Jaipur's world-renowned luxury rugs and home products, guests can learn about the company's story and behind-the-scenes operations through guided tours at the new studio.

2023 HIGHLIGHTS

- ✓ New Elections Building
- ✓ New Public Works Facility
- ✓ Fire Station #15 in Yellow Creek
- ✓ Union Hill Rd @ Lower Union Hill Rd – roundabout and drainage improvements
- ✓ Transart Parkway Bridge
- ✓ Opening of L.B. Ahrens Recreation Center (the BUZZ)
- ✓ Construction of Special Operations Facility housing K-9 Operations, and Coroner's office

WHAT IS ON THE HORIZON FOR 2024?

- Courthouse expansion and new parking deck
- New EMS station
- Expansion of Fire Station on Sugar Pike
- Completion of replacement Fire Station #13 in Sutallee
- Technology Ridge Pkwy Phase 1
- Roundabout and improvements at the intersection of Hames Rd and S. Jett Rd.

TAX DIGEST

Cherokee County continues to be one of the fastest growing counties in the State of Georgia. Due to higher housing prices, the 2023 Tax Digest increased 13.36%, of which 2.96% was new growth. We anticipate the 2024 Net Tax Digest will increase approximately 10.17% in total, including 2.5% new growth.

Source: <http://quickfacts.census.gov>

A strong economy has kept Cherokee County as one of Georgia's fastest growing counties with a 24.4% increase in population from 2012-2020 compared to 10.6% for the state of Georgia and 7.4% for the nation during the same period. Furthermore, the forecast for Cherokee County is to continue its double-digit growth and this growth would lead to even higher levels of capital investment needed to meet the community needs.

Long-Term Financial Planning

Cherokee County developed a Long-Term Financial Plan (LTFP) for the fiscal years 2019-2024. The LTFP is a proactive approach that assesses and identifies current economic and financial indicators that provide an overall snapshot of the fiscal health of Cherokee County.

The LTFP was built with the 2019 Budget as the foundation for the financial projections. Financial goals and objectives were developed that supported the financial direction outlined in the strategic plan. Forecasting assumptions were then created to forecast financial performance while highlighting any potential issues.

The LTFP provides a framework that will ensure that Cherokee County has sufficient and cost-effective funding in order to achieve its long-term objectives. The sound financial condition of the County depends on the ability to balance the demands for service with available financial resources.

The LTFP is a transparent document that will provide the Citizens of Cherokee County a blueprint of the alignment of financial capacity with long – term service objectives. The LTFP consists of a complete strategic financial plan and issue analysis, including all support documents used in developing the LTFP. Financial planning uses forecasts to provide insight into the future financial capacity requirements so that strategies can be developed to achieve long-term goals when considering the service objectives for Cherokee County. The following areas were evaluated in creating the Long-Term Financial Plan:

1. *Financial policies* – The baseline standards for how stewardship over the County’s financial resources will be maintained.
2. *Service-level preferences and policy* – A financial plan must be created in the context of the services that the Cherokee County will deliver to its citizens. These may be expressed as qualitative goals and objectives or as quantitative performance measures.
3. *Finance strategies* – Strategies for addressing financial imbalances such as revenue shortfalls or spiraling areas of expense.
4. *Monitoring mechanisms* – Techniques for monitoring progress against financial strategies. Examples include action or project plans and performance measures.

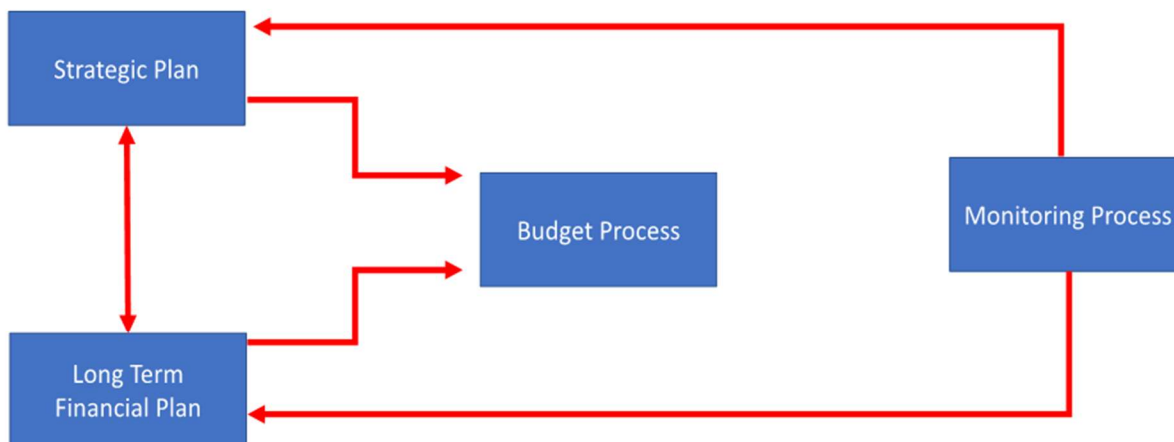

The chart below illustrates how financial planning and strategic planning work together to establish long-term, strategic direction, which then affects the budget process. The budget is used to operationalize strategies called for by the financial plan and strategic plan.

In conjunction with developing the Five-Year LTFP, Cherokee County has developed a five-year Capital Improvement Plan (CIP). The CIP is the blueprint for planning capital expenditures that will reduce operating costs and help avoid higher replacement costs and unexpected crisis in the future while ensuring the basic health and safety for Cherokee County citizens.

This plan identifies the capital needs of the community over a five-year period. This plan not only identifies the immediate needs but also seeks to capture longer-term capital needs. Capital planning is an important management tool that strengthens the linkages between community infrastructure needs and the financial capacity of the County. The CIP is the primary document for planning the funding and timing of the needs and priorities that have been approved by The County Board of Commissioners.

The County’s philosophy concerning the use of the CIP is that it should be considered as a financial planning tool that lists the County’s capital improvement projects, places projects in a priority order, and schedules the projects for funding and implementation.

The Complete Planning Framework

A financial plan works with other planning processes to form a complete planning framework

The approval of the 2018 SPLOST Capital Program by an overwhelming 80% of the vote is a testimony to the importance of capital improvements to the citizens of Cherokee County. The CIP links strategic and comprehensive plans with fiscal capacity, which in turn will inform the public about the government’s investment in the infrastructure of Cherokee County. The chart highlights the funding sources for the Capital Outlay for Cherokee County for FY2018-FY2023. SPLOST continues to be the leading source of funding for the Capital Projects in Cherokee County. For the Period FY2018-FY2023, SPLOST accounted for 87% of the funds used to fund Capital projects followed by Debt Service at 9%. Over the five-year period from FY2018-FY2023, Cherokee County has invested a total of \$351,475,000 in Capital to improve the infrastructure and provide top quality services to the citizens of Cherokee County. A new SPLOST was approved by voters in Nov 2022. It will go into effect in July 2024 and allow the County to continue to invest in capital improvements.

OTHER INFORMATION

Independent Audit Cherokee County requires an annual independent audit of County financial records by a certified public accountant selected by the Board of Commissioners. The accounting firm of Nichols, Cauley & Associates, LLC was selected to fulfill this requirement, and a copy of the auditor's report on the financial statements is included in the financial section of this report.

Single Audit As a recipient of federal and state financial assistance, the County also is responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is subject to periodic evaluation for weaknesses by management and internal staff.

As part of the County's annual single audit, required in conformity with provisions of the Single Audit Act Amendments of 1996 and Title 2 U.S. Office of Management and Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, tests are made to determine the adequacy of the internal control structure, including that portion related to federal financial assistance programs, as well as to determine that the County has complied with applicable laws and regulations.

Budgetary Controls The County maintains budgetary controls to ensure compliance with legal provisions of the annual appropriated budget approved by the Board of Commissioners. Activities of the general fund, special revenue funds and capital project funds are included in the annual appropriated budget. The official level of county budget control (the level on which expenditures may not legally exceed appropriations) for each legally adopted annual operating budget is the department, function, or activity within each fund. Administrative transfers of appropriations within a department may be authorized by the County Manager to meet unforeseen needs without Commission actions. Transfers of appropriations outside departments or functions are reviewed with the Board of Commissioners prior to approval. The County's budget procedures, together with such procedures for discretely presented component units, are more fully explained in the accompanying notes to the financial statements. The County maintains an encumbrance accounting system as one means of accomplishing budgetary control. Encumbered amounts at year-end are carried forward to the ensuing year's budget on a case-by-case basis.

AWARDS AND ACKNOWLEDGEMENT

For fiscal year 2022, Cherokee County was awarded the triple crown for excellence by receiving the following three awards from The Government Finance Officers Association (GFOA).

The Certificate of Achievement for Excellence in Financial Reporting Program – Cherokee County received this award for the 11th consecutive year in 2023 for the fiscal year ended September 30, 2022. This award highlights the goal of the County to exhibit transparency and full disclosure in presenting financial reports that are in accordance with Generally Accepted Accounting Principles.

Distinguished Budget Presentation Award Program – Cherokee County received the Distinguished Budget Presentation Awards Program in 2023 for the fiscal year ended September 30, 2022, for the eighth consecutive year. The Budget Awards Program is given to Governments that prepare budget documents of the very highest quality that reflect both the guidelines established by the National Advisory Council on State and Local Budgeting and the GFOA's best practices on budgeting.

Popular Annual Financial Reporting Award Program - Cherokee County Finance received the PAFR Program Award for the seventh time in 2023 for the fiscal year ended September 30, 2022. The PAFR award is given to local governments that extract information from their Annual Comprehensive Financial Report to produce a high quality PAFR designed to be readily accessible and easily understandable to the public.

Respectfully submitted,

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Cherokee County, Georgia (the County), as of and for the year ended September 30, 2023, and the related notes to the basic financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County, as of September 30, 2023, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standard* (GAS), issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the County and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

The County's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a

going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and GAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and GAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the schedule of changes in the County's net pension liability and related ratios, the schedule of pension contributions, the schedule of changes in the County's total OPEB liability and related ratios, the budgetary comparison schedules and notes on pages 4-15 and 52-60 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements.

We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The combining and individual fund statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund statements and schedules are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the Annual Comprehensive Financial Report. The other information comprises the introductory and statistical sections but does not include the financial statements and our auditor's report thereon. Our opinions on the financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 28, 2024 on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

Management's Discussion and Analysis

As management of Cherokee County, we offer readers of our financial statements this narrative overview and analysis of the financial activities of Cherokee County for the fiscal year ended September 30, 2023. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our Transmittal Letter.

FINANCIAL HIGHLIGHTS

- ❖ **Assets & Liabilities:** The total assets and deferred outflows of Cherokee County were \$1,319,609,627 compared to liabilities and deferred inflows of \$351,125,431. Assets and deferred outflows were 3.8 times greater than liabilities and deferred inflows.
- ❖ **Net Position:** Net position is defined as Total Assets + Deferred Outflows – Total Liabilities – Deferred Inflows. The primary government's total net position increased from \$960,675,313 to \$968,484,196.
- ❖ **Fund Balances:** As of September 30, 2023, Cherokee County's governmental funds reported combined ending fund balances of \$122,433,816 compared to \$126,222,848 reported in FY2022. The General Fund's fund balance grew \$7,851,030 primarily due to higher investment income rates and receipt of the Homeowner Tax Relief Grant, while the SPLOST balance decreased by \$13,317,234.
 - SPLOST sales tax revenues continued to grow as FY2023 was \$2,563,240 over FY2022. In FY2023, there were several large SPLOST projects taking place, which resulted in spending exceeding revenue for the year, which caused a decrease in the fund balance.
 - Cherokee County's property taxes were \$131,593,204 in FY2023 as compared to \$123,144,942 in 2022. The increase of \$8,448,262 or 6.9% over FY2022 was due to an increase in Real Property taxes of \$9,896,729, TAVT increased \$618,344 and a decrease in Intangibles of \$1,649,926.
 - Intergovernmental revenue decreased in FY2023 by \$3,124,134 which was driven by a decrease in ARPA revenue of \$10,511,459 which is due to the completion of ARPA projects. During June 2023, the County received the Homeowner Tax Relief Grant for approximately \$7,300,000 which offset the ARPA revenue decrease.
 - Licenses/Permits increased \$513,853 in FY2023 due to an increase in the number of Building Inspections. Charges for Services increased \$2,741,628 and Investment income increased \$6,445,127 which was due to the increase in interest rates throughout the year.
- ❖ **Debt:** Bonds Payable decreased from \$41,720,000 to \$36,370,000. This represents a decrease of \$5,350,000 (12.8%), which is comprised of a reduction in the balance of the 2009, 2010, 2012, 2014, 2016 Parks, Recreation, Greenspace, and Refunding Bonds due to scheduled payments of bond principal. The RRDA bonds were retired in FY2022.

OVERVIEW OF THE FINANCIAL STATEMENTS

The intent of this discussion and analysis is to serve as an introduction to Cherokee County's basic financial statements. Cherokee County's basic financial statements are comprised of three components: 1) Government-wide financial

statements, 2) Fund financial statements, and 3) Notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

1. Government-wide Financial Statements

The *government-wide financial statements* provide readers with a broad overview of Cherokee County's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all Cherokee County's assets, deferred outflows, liabilities, and deferred inflows, with the difference between them reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of Cherokee County is improving or deteriorating.

The *statement of activities* presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported when the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both government-wide financial statements distinguish functions of Cherokee County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of Cherokee County include general government, public safety, judicial services, health and welfare, highways and streets, culture and recreation and housing and development. The business-type activities of Cherokee County include Emergency Medical Services (ambulance service), and the Cherokee Conference Center.

The government-wide financial statements include not only Cherokee County itself (known as the *primary government*), but also the Cherokee County Board of Health, Development Authority of Cherokee County, and Sequoyah Regional Library, all legally separate entities, for which Cherokee County is financially accountable. Financial information for these *component units* is reported separately from the financial information presented for the primary government itself.

Please reference the index for the location of the government-wide financial statements in this report.

2. Fund Financial Statements

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Cherokee County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of Cherokee County can be divided into three categories: A. Governmental funds, B. Proprietary funds, and C. Fiduciary funds.

A. Definition of Governmental Funds

Governmental funds are used to account for essentially the same functions reported as *governmental activities* in the governmental-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand

the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

Cherokee County maintains 27 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the four major funds: General Fund, Fire District Fund, ARPA Grant Fund, and SPLOST Funds (Special Purpose Local Option Sales Tax). Data for the other 23 governmental funds are combined into a single, aggregated presentation, titled "Other Governmental Funds." Individual fund data for each of these non-major governmental funds is provided in the form of *combining statements* elsewhere in this report.

Cherokee County adopts an annual appropriated budget for its General Fund, as well as all special revenue, proprietary and all other governmental fund types, including certain capital project funds. A budgetary comparison statement has been provided for these funds to demonstrate compliance with this budget.

Please reference the index for the location of the basic governmental fund financial statements in this report.

B. Definition of Proprietary Funds

Cherokee County maintains two different types of proprietary funds. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. Cherokee County uses enterprise funds to account for its Emergency Medical Services and Cherokee Conference Center funds. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among Cherokee County's various functions. Cherokee County uses internal service funds to account for its fleet of vehicles and for its employee benefits claims. Because both of these services predominantly benefit governmental rather than business-type functions, they have been included within *governmental activities* in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Emergency Medical Services and Cherokee Conference Center funds. Conversely, both internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements, titled "Governmental Activities – Internal Service Funds." Individual fund data for the internal service funds is provided in the form of *combining statements* elsewhere in this report.

Please reference the index for the location of the basic proprietary fund financial statements in this report.

C. Definition of Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statement because the resources of those funds are *not* available to support Cherokee County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

Please reference the index for the location of the basic fiduciary fund financial statements in this report.

D. Fund Balance Procedures Under GASB Statement 54

Prior to 2011 fund balances were designated as either *reserved* or *unreserved*. In accordance with the governmental accounting standard, GASB Statement 54, which became effective in 2011, governmental entities are now required to present fund balance in the following five categories:

- i. *Nonspendable Fund Balance* – non-cash assets such as inventories or prepaid items.
- ii. *Restricted Fund Balance* – funds legally restricted for specific purposes, such as grant funds.
- iii. *Committed Fund Balance* – amounts that can only be used for specific purposes pursuant to a formal resolution of the Board of Commissioners.
- iv. *Assigned Fund Balance* – amounts intended to be used for specific purposes, by either the Board of Commissioners or the Board’s delegate. (For Cherokee County, the Board delegated authority to assign balances to the County Manager).
- v. *Unassigned Fund Balance* – residual spendable fund balance after subtracting all above amounts.

3. Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

4. Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information* concerning Cherokee County’s progress in funding its obligation to provide pension benefits and OPEB to its employees. Effective October 1, 2014, the County implemented the provisions of GASB Statement No. 68 *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27, and GASB 71*, which significantly changed the County’s accounting for pension amounts by requiring that the total net pension liability and the deferred inflows and outflows related to the net pension liability be reported in the government-wide financial statements as an adjustment to opening and ending fund balance.

The County and its component units implemented GASB statement 75 “Accounting and Financial Reporting for Postemployment Benefit Plans Other Than Pension” during fiscal year 2018. Statement No. 75 requires governments providing defined OPEB to recognize their long-term obligation for OPEB as a liability.

Please reference the index for the location of the required supplementary information in this report.

The combining statements referred to earlier in connection with non-major governmental funds and internal service funds are presented immediately following the required supplementary information on pensions.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

1. Statement of Net Position

As noted earlier, net position may serve over time as a useful indicator of a government’s financial position. In the case of Cherokee County, assets and deferred outflows (excluding component units) exceeded liabilities and deferred inflows by \$968,484,196 at the close of the most recent fiscal year. Cherokee County assets and deferred outflows are almost four times its liabilities and deferred inflows.

Summary of Assets, Liabilities, and Net Position

	Governmental Activities		Business Activities		Total	
	2023	2022	2023	2022	2023	2022
Assets:						
Current and Other Assets	\$ 276,015,402	\$ 292,625,739	\$ 5,655,457	\$ 4,332,848	\$ 281,670,859	\$ 296,958,587
Capital Assets	971,885,807	955,711,686	5,791,491	5,361,860	977,677,298	961,073,546
Total Assets	1,247,901,209	1,248,337,425	11,446,948	9,694,708	1,259,348,157	1,258,032,133
Deferred Outflows	56,224,397	41,002,782	4,037,073	2,943,758	60,261,470	43,946,540
Total Assets and Deferred Outflows	1,304,125,606	1,289,340,207	15,484,021	12,638,466	1,319,609,627	1,301,978,673
Liabilities:						
Current Liabilities	38,666,227	57,961,283	631,441	483,670	39,297,668	58,444,953
Long Term Liabilities	181,074,411	144,291,930	9,738,861	6,761,095	190,813,272	151,053,025
Total Liabilities	219,740,638	202,253,213	10,370,302	7,244,765	230,110,940	209,497,978
Deferred Inflows	120,513,687	130,152,402	500,804	1,652,980	121,014,491	131,805,382
Total Liabilities and Deferred Inflows	340,254,325	332,405,615	10,871,106	8,897,745	351,125,431	341,303,360
Net Position:						
Net Investment in capital assets	924,476,046	903,595,423	5,791,491	5,315,897	930,267,537	908,911,320
Restricted	53,698,813	66,362,884	-	-	53,698,813	66,362,884
Unrestricted	(14,303,578)	(13,023,715)	(1,178,576)	(1,575,176)	(15,482,154)	(14,598,891)
Total Net Position	\$ 963,871,281	\$ 956,934,592	\$ 4,612,915	\$ 3,740,721	\$ 968,484,196	\$ 960,675,313

The largest portion of Cherokee County's net position was \$930,267,537 or 96.1% in net investment in capital assets (e.g., land, buildings, machinery, and equipment). Cherokee County uses capital assets to provide services to citizens; consequently, these assets are not available for future spending. Cherokee County's net investment in its capital assets requires that resources needed to repay this debt must be provided from other sources. Capital assets cannot be liquidated in order to reduce these liabilities.

2. Statement of Activities

As compared to FY2022, revenue from governmental activities increased \$21,630,728 or 7.4%. The following areas were key drivers for the increase:

- Property taxes increased \$8.6M in FY2023, driven primarily by digest growth, inflation, and higher TAVT receipts. The strengthening of the economy and the increase in business and commercial outlets in the County enabled Sales taxes to increase \$2.6M.
- Interest revenue grew by \$5.8M, which was 685% over the previous year. The increase in interest revenue was due to the increase in interest rates in FY2023.
- Charges for Services increased by \$4.7M due to a growing population and the addition of services offered. Increasing population contributed to higher E911 fees and the County expanded its Probation and Drug testing abilities.
- Grant revenue decreased \$3.5M. During FY2022, the county spent a large portion of ARPA funds. As the program is nearing completion, less funds were spent in FY2023, resulting in less revenue being recognized in FY2023.

Summary of Activities

	Governmental Activities		Business Activities		Total	
	2023	2022	2023	2022	2023	2022
Program Revenue:						
Charges for Services	\$ 41,841,421	\$ 37,121,242	\$ 7,074,585	\$ 6,317,808	\$ 48,916,006	\$ 43,439,050

Culture and Recreation	18,556,363	13,201,458			18,556,363	13,201,458
Housing and Development	11,581,565	14,742,550			11,581,565	14,742,550
Interest	902,224	1,170,153			902,224	1,170,153
Emergency Medical Services			13,832,481	12,159,301	13,832,481	12,159,301
Conference Center			600,824	509,824	600,824	509,824
TOTAL EXPENSES	299,718,969	279,570,449	14,433,305	12,669,125	314,152,274	292,239,574
Change in Net Position Before Transfers	15,156,299	13,674,091	(7,347,416)	(6,351,317)	7,808,883	7,322,774
Transfers	(8,219,610)	(9,189,915)	8,219,610	9,189,915	-	-
Changes in Net Position	6,936,689	4,484,176	872,194	2,838,598	7,808,883	7,322,774
Beginning Net Position	956,934,592	952,450,416	3,740,721	902,123	960,675,313	953,352,539
Restatement					-	-
Ending Net Position	\$ 963,871,281	\$ 956,934,592	\$ 4,612,915	\$ 3,740,721	\$ 968,484,196	\$ 960,675,313

Governmental Activities' expenses increased \$20.1M or 7.2% when compared to FY2022. General Government increased \$4.9M, Judicial increased \$5.3M, Public Safety increased \$19M, Culture and Recreation increased \$5.3M, Health and Welfare increased \$.72M, Housing and Development decreased \$3.2M, and Public Works decreased \$11.7M. The following items highlight the variances:

- Salary increases were driven by the implementation of a salary study along with a 7% COLA that was given in July FY2022. The county also experienced a rise in healthcare costs.
- New employees were added in FY2023 due to population growth and expanded services. Public Safety added patrol deputies in the Sheriff's office and Fire added a new recruiting class to meet the increase in population. The Judicial system added a new Superior Court Judge and supporting personnel in compliance with state law.
- Inflation impacted all expenses, as utilities and operating costs increased.
- Public Works continues to be challenged in attracting qualified personnel which in turn has led to a slowdown in the completion of road projects.
- Housing and Development decreased due to several large onetime payments made to Economic Development Authority in FY2022 that were not made in FY2023.

FUND FINANCIAL STATEMENT ANALYSIS

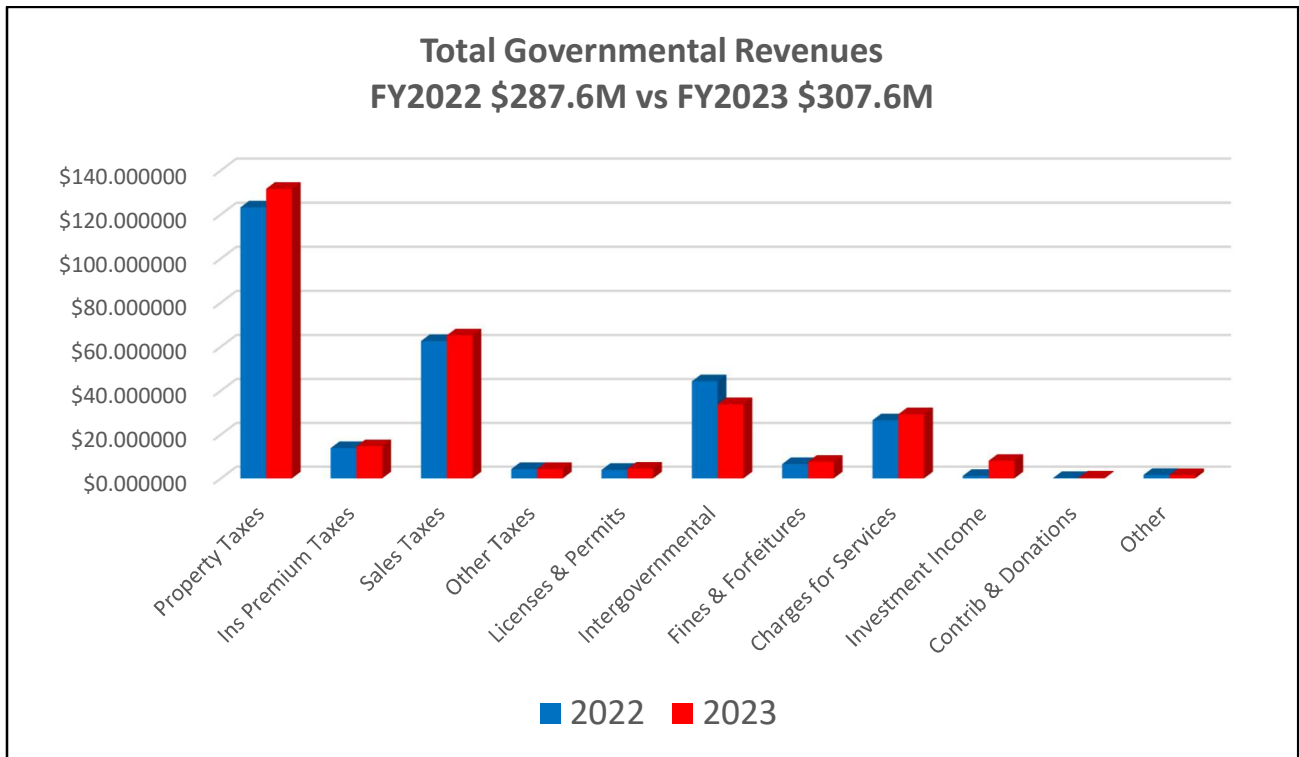

As noted earlier, Cherokee County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The focus of Cherokee County’s *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing Cherokee County’s financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government’s net resources available for spending at the end of the fiscal year.

1. Revenues

Revenues for Cherokee County’s governmental funds in FY2023 totaled \$307,633,540.

Tax revenue accounts for \$215,569,278, which consist of \$131,593,204 of property taxes, \$65,093,262 sales taxes, Insurance premium taxes of \$14,641,986, franchise taxes of \$2,348,853, alcohol taxes of \$1,247,758 and other miscellaneous taxes of \$644,215.

Total revenues increased \$19,997,957 from \$287,635,583 in FY2022 to \$307,633,640 in FY2023. There were several factors contributing to the increase:

- Several factors contributed to the increase in property taxes:
 - The 2022 Tax Digest increased 16.12%, with 2.78% accounting for new growth and 13.34% inflation.
 - TAVT receipts showed a slight increase of \$.6M (3.23%), while Real Estate Transfer $-\$.3M$ (-21.8%) and Intangibles $-1.6M$ (-40.19%) both decreased due to higher mortgage rates.
- Sales taxes increased \$2,563,240 (4.10%) from \$62,530,022 in 2022 to \$65,093,262 in 2023. Sales tax has been steadily growing since 2011. The growth in the population coupled with retail expansion continues to generate a steady growth in sales taxes.
- Intergovernmental revenue decreased from \$44,259,785 in FY2022 to \$41,135,651 in FY2023. The decrease of \$3,124,134 was attributable to a decrease in ARPA/CARES Act revenue which is driven by the completion of projects. During June 2023, the County received the Homeowner Tax Relief Grant for approximately \$7,300,000 which offset the ARPA revenue decrease.
- The Insurance Premium tax increased from \$13,789,717 in FY2022 to \$14,641,986 in FY2023. This is a tax collected by the state on insurance policies, thus more homes in the county generate more revenue.
- Charges for Services increased \$2,741,628 from FY2022 due to an increasing population and additional/expanded services.
- Investment Income increased \$6,445,127 due to higher interest rates.

2. Expenditures

Governmental expenditures totaled \$307,311,257. Of this total, 39% was required to support public safety.

Governmental fund expenditures increased \$23,458,298 from FY2022 to FY2023, which was a 8.26% increase.

- General Government expenditures increased \$3,067,707 from FY2022 to FY2023. This increase included the 7% COLA given in July along with the FY2023 salary study increases. The completion of a new elections building along with increased operating costs contributed to the overall increase.
- Judicial expenditures increased \$6,268,529 from FY2022 to FY2023. Salaries (7% COLA in July 2022 and salary study increases). A new Superior Court judge was added along with all supporting staff. The increase in caseloads have led to higher operating costs.
- Public Safety expenditures increased \$10,681,636 from FY2022 to FY2023. Personnel costs increased due to salary and benefit increases. New employees were added due to the county's population growth. Inflation saw operating costs increase.
- Public Works expenditures decreased \$318,145 from FY2022 to FY2023. Although Public Works' employees also saw an increase in pay, employee vacancies remain high. The negative impact on staffing has led to a reduction of projects and thus lower expenditures.
- Capital Outlay expenditures increased by \$2,743,408 when comparing FY2022 to FY2023. The County continues to invest in Capital assets such as Fire Stations, Parks land, Sheriff vehicles and precincts to provide a high level of service to the county's growing population.

- Debt Service decreased \$3,473,352 in FY2023. The RRDA bonds were retired in FY2022, leaving only the Parks bonds and vehicle leases as outstanding debt in FY2023.
- Intergovernmental Costs increased \$2,675,910 from FY2022 to FY2023. A couple of items contributed to this increase: Higher SPLOST payments to the cities, which were the result of increased SPLOST revenue in FY2023 and increased SPLOST distributions to the Library System to fund expansion.

3. Fund Balance

The total of Cherokee County’s governmental funds reported combined ending fund balances of \$122,433,816, a net decrease of \$3,789,032 from the prior year. The General Fund balance increased \$7,851,030 and the SPLOST Fund balance decreased \$13,317,234.

The General Fund is the chief operating fund of Cherokee County. At the end of the current fiscal year, the total fund balance of the General Fund was \$74,534,939 of which \$74,333,444 or 99.7%, represents the *unassigned* portion. As a measure of the General Fund’s liquidity, it is useful to compare the unassigned fund balance to total funding uses; the unassigned fund balance represents 64.8% of General Fund expenditures and transfers to other funds.

The total fund balance of the SPLOST Funds decreased \$13,317,234, from \$27,630,887 to \$14,313,653. The decrease was due to the construction and completion of several large SPLOST projects.

The Fire District Fund is another major fund of the County and the main source of revenue is property taxes. At year-end, the total fund balance of this fund was \$12,933,898, which was \$1,329,345 less than the FY2022 balance. The use of Fund Balance was used to fund a station alerting system which was a planned expenditure for the Fire Fund.

General Fund Budgetary Highlights

The original budget for the General Fund expenditures and transfers out was \$138,273,788 but was amended by \$3,287,896 to \$141,561,684. Below are the budget amendments that account for this increase.

1. An additional \$1,799,038 for Increased Salaries, PR taxes, and Defined Benefits, which was due to the implementation of the Salary Study.
2. An additional \$351,263 for the Clerk of Superior Court increased labor and operating expenses
3. An additional \$263,766 for Increased Employee Insurance cost
4. An additional \$242,820 for Indigent Defense due to increased number of cases
5. An additional \$184,190 for three additional personnel in Probation Office
6. Various other expense items \$452,614

CAPITAL ASSET AND DEBT ANALYSIS

1. Capital Assets

As of September 30, 2023, Cherokee County's net investment in capital assets for its governmental activities totaled \$924,476,046. This investment in capital assets includes land, buildings and systems, improvements, machinery and equipment, vehicles, roads, highways, and bridges. The net investment in capital assets increased \$20,880,623 or 2.3%, as compared to FY2022. Capital asset additions included:

- New Sheriff vehicles and precinct/K9 Center
- New Facility, Machinery, and Vehicles for Public Works
- Various road improvements
- Completion of the L.B Ahrens Recreation Center and planning/land for several additional new parks
- Replacement/expansion of several Fire Stations

Additional information on Cherokee County's capital assets can be found in Note 5 of this report.

2. Long-Term Debt

At the end of the current fiscal year, Cherokee County had total long-term bonded debt outstanding of \$36,370,000.

- This debt is supported by a separate bond millage rate of 0.319 mills. Voters approved this debt in 2008 for investment in parks, recreation, and greenspace.

State statutes limit the amount of general obligation debt a governmental entity may issue to 10% of its total assessed valuation. The current debt limitation for Cherokee County is \$2,026,920,000; with outstanding debt of \$36,370,000, we are significantly under the legal limit (less than 2% rather than 10%).

Cherokee County's long term bonded debt decreased \$5,350,000 which were Principal payments for the Parks Bonds which is the County's only long-term debt, since the RRDA bonds were retired in FY2022. The County holds a rating of "Aa2" from Moody's Rating Agency and a "AA+" from Standard & Poor's Rating agency.

Additional information on Cherokee County's long-term debt can be found in Note 6 of this report.

STATUS OF CHEROKEE COUNTY'S ECONOMY

- As of September 30, 2023, the unemployment rate for Cherokee County was 2.7%, which was lower than the state rate of 3.4% and the national rate of 3.8%. Cherokee County was slightly up from its 2.4% rate last year, which can be attributed to inflation and a slight slowdown in the economy.
- New construction building permits are a good indicator for the economic outlook for Cherokee County. New construction building permits offer insight into the future value of the tax digest while also measuring future real estate inventory levels. Growth returned after 2020's COVID slowdown, with 1641 new building permits issued in FY2023, which translates into a higher property tax digest. In addition, new developments in the county provide construction jobs in the short term, while generating new operational jobs and more visitors (driving more sales tax dollars and new property tax assessments), for the future.
- Sales tax revenues increased \$2,563,240 or 4.1% over FY2022, while that is a slowdown from 2022's growth rate, we continue to see growth. The current SPLOST 2018 ends in June of 2024 and SPLOST 2024 will begin in July 2024.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of Cherokee County's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Finance Department, Cherokee County Board of Commissioners, 1130 Bluffs Parkway, Canton, Georgia, 30114.

Cherokee County, Georgia
Reconciliation of the Statement of Revenues, Expenditures and Changes
in Fund Balances of Governmental Funds to the Government-wide Statement of Activities
For the Year Ended September 30, 2023

Amounts reported for governmental activities in the statement of activities are different because:

Net changes in fund balances - total governmental funds	\$ (3,789,032)
Governmental funds report capital outlays as expenditures on the governmental fund type operating statement. However, in the government-wide statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation expense exceeded capital outlay in the current period.	11,232,301
The net effect of various miscellaneous transactions involving capital assets (i.e. donations, sales and trade-ins) is to increase net position.	4,978,739
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.	143,368
The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of long-term debt consumes the current financial resources of governmental funds.	
Principal payments on bonds payable	5,350,000
Principal payments on financed purchases	307,227
Debt issued	(2,963,866)
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	(8,270,969)
Internal service funds are used by management to charge costs of various services and benefits to individual funds. The net revenue (expense) of certain activities of internal service funds is reported with governmental activities.	<u>(51,079)</u>
Change in net position of governmental activities	<u><u>\$ 6,936,689</u></u>

CHEROKEE COUNTY, GEORGIA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2023

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The County is a political subdivision of the State of Georgia governed by the Commission Chairman and a four-member Board of Commissioners. The financial statements of the County and its discretely presented component units, the Development Authority of Cherokee County, the Sequoyah Regional Library System, and the Cherokee County Department of Public Health have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to governmental units. The Governmental Accounting Standards Board is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant accounting policies of the County are described below.

As required by accounting principles generally accepted in the United States of America, the financial statements of the reporting entity include those of the County (the primary government) and its component units. The component units discussed below are included in the County's reporting entity because of the significance of the operational and financial relationships with the County. In conformity with accounting principles generally accepted in the United States of America, as set forth in Governmental Accounting Standards Board Statement No. 61, "*The Financial Reporting Entity: Omnibus - An amendment of GASB Statements No. 14 and No. 34*" the component units' financial statements have been included as discretely presented component units. Each discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that they are legally separate from the County. Based upon the application of these criteria, the following is a brief review of the component units addressed in defining the County's reporting entity.

The **Development Authority of Cherokee County** (the "Development Authority") provides a means to issue industrial development bonds to develop and promote trade, commerce, industry and employment opportunities within Cherokee County. The Development Authority is frequently referred to as "the Cherokee County Office of Economic Development" and exists to promote economic development in the County by working with existing industries to expand as well as by recruiting additional business to the community. The Development Authority was created by resolution of the Board of Commissioners. All board members of the Development Authority are appointed by the County. The Development Authority is dependent on the County for its operational costs. The Development Authority is presented as a governmental fund type component unit. There are no separately issued financial statements available for the Development Authority of Cherokee County. The fiscal year end of the Development Authority is September 30th.

The **Sequoyah Regional Library System** (the "Library") provides library services to the citizens of Cherokee, Gilmer, and Pickens Counties. The County appoints a majority of the Library's board members and provides significant funding to the Library. During the fiscal year ended September 30, 2023 the Library received \$3,154,297 from the County. The Library is presented as a governmental fund type component unit.

The Sequoyah Regional Library operates on a June 30 fiscal year end. The complete report can be obtained from the Sequoyah Regional Library, 116 Brown Industrial Parkway, Canton, Georgia 30114.

CHEROKEE COUNTY, GEORGIA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2023

The Cherokee County Department of Public Health (the “Department of Public Health”) provides health related services to residents of Cherokee County. Programs include disease screening, child health services, family planning, health services, and environmental health programs. The County appoints a voting majority of the board members of the Department of Public Health and provides significant funding to the Department of Public Health.

The Department of Public Health operates on a June 30 fiscal year end. Complete financial statements of the Department of Public Health can be obtained from their administrative offices at Department of Public Health, 1219 Univeter Road, Canton, Georgia 30114.

A blended component unit, although a legally separate entity, is in substance part of the County’s operations and so financial data from this unit is combined with the financial data of the primary government. The following is presented as a blended component unit.

The Resource Recovery Development Authority of Cherokee County (the “RR Development Authority”) provides a means to issue industrial development bonds used to help develop and promote recycling opportunities within Cherokee County. The RR Development Authority is governed by a board comprised of four of the County’s elected Commissioners and the one additional public member. The County has guaranteed the bonds issued by the RR Development Authority with the County’s millage rate. The RR Development Authority is presented as a blended governmental fund type component unit as the sole purpose was to finance a recycling center to be leased and operated by a third party and subsequently the County has assumed the debt service payments, as the third party operator has defaulted. There are no separately issued financial statements available for the RR Development Authority. There was no activity during the fiscal year 2023.

The Atlanta Regional Commission (the “ARC”) is considered a joint venture based upon the criteria in GASB Statement No. 14, as amended by GASB Statement No. 61. Under Georgia law, the County, in conjunction with other cities and counties in the 10-county metropolitan Atlanta, Georgia area, is a member of the ARC. Membership in a Regional Commission is required by the O.C.G.A 50-8-34, which provides for the organizational structure of the RDC in Georgia. The County paid dues in the amount of \$328,917 to the ARC for the year ended September 30, 2023. The Regional Commission Board membership includes the chief elected official of each county and municipality of the area. O.C.G.A 50-39-1 provides that the member government are liable for any debts or obligations of a Regional Commission. Complete financial statements of the RDC may be obtained from the Atlanta Regional Commission, 229 Peachtree Street NE, STE 100., Atlanta, Georgia 30303.

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e. the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the County. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to those who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*. Separate financial statements are provided for governmental

CHEROKEE COUNTY, GEORGIA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2023

funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise fund are reported as separate columns in the fund financial statements

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government wide-financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and the fiduciary fund financial statements. Agency funds are custodial in nature and do present the results of operations or have a measurement focus. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of timing of the related cash flows. Property taxes are recognized as revenues in which the fiscal year for which they are levied. Property taxes levied in September are for the next fiscal year beginning October 1. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Government fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the County considers most revenues to be available if they are collected within 60 days of the end of the current fiscal year, however, grant revenues are considered available if they are collected within 180 days of the end of the current fiscal year. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, sales tax, intergovernmental grants, and investment income associated with the current fiscal year are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal year. All other revenue items are considered to be measurable and available only when cash is received by the County.

In accordance with GASB Statement No. 34, major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

The County reports the following major governmental funds:

The ***General Fund*** is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The ***Fire District Fund*** is used to account for monies received from a restricted property tax levy for the operations of the fire departments within the County.

The ***America Rescue Plan Act (ARPA) Grant Fund*** is used to account for the ARPA grant proceeds.

The ***Special Purpose Local Option Sales Tax ("SPLOST") Fund*** is used to account for proceeds of a special 1% local sales tax levy approved by voters. The proceeds of this special tax are designated for various capital projects throughout the County.

CHEROKEE COUNTY, GEORGIA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2023

The County reports the following major proprietary fund:

The ***EMS Fund*** is used to account for the provisions of emergency medical services to the residents of the County.

Additionally, the County reports the following fund types:

Special revenue funds account for the revenue sources that are legally restricted or committed to expenditure for specific purposes, such as grant programs, certain fines and forfeitures, E-911 charges, and law enforcement services.

Capital projects funds account for the capital expenditures made by the County.

Debt service fund accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of governmental funds.

Internal service funds account for fleet management services and to account for the County's contributions and employee premiums for health, disability, and life insurance, and the related payments for associated costs.

An ***Enterprise fund*** is used to account for the operations of the County's conference center. Activities of the fund include administration, operations, and collection activities.

Custodial funds are used to account for the collection and disbursement of monies by the County on behalf of other governments and individuals. Constitutional officers use these funds to temporarily hold assets.

As a general rule the effects of interfund activity have been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes where the amounts are reasonably equivalent in value to the interfund services provided and other changes between the County's emergency medical services and various other functions of the County. Elimination of these charges would distort the direct costs and program revenues reported for the various function concerned.

Amounts reported as *program revenues* include 1) charges for services provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as *general revenues* rather than program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating* revenues and expenses from *non-operating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise funds and of the County's internal service funds are charges for goods and services provided. Operating expenses of the enterprise funds and internal service funds include the cost of these goods and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first, then unrestricted resources as they are needed.

CHEROKEE COUNTY, GEORGIA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2023

D. Cash, Cash Equivalents, and Investments

Cash includes cash on hand, demand deposits, certificates of deposit, and short-term investments with original maturities of three months or less from the date of acquisition.

State statutes authorize the County to invest in U.S. Government obligations; U.S. Government agency obligations; obligations of the State of Georgia; obligations of other counties; municipal corporations and political subdivisions of the State of Georgia which are rated “AA” or better by Moody’s Investors Service, Inc.; negotiable certificates of deposit issued by a bank or trust company organized under the laws of any state of the United States of America or any national banking association; repurchase agreements when collateralized by the U.S. Government or agency obligations; and pooled investment programs sponsored by the State of Georgia for the investment of local government funds. Investments are stated at fair value, based on quoted market prices.

Operating funds are currently invested in the Georgia Fund 1 Liquidity Pool; U.S. Government agencies; or maintained in demand deposit, savings, and public funds money market accounts with financial institutions.

The investment in the Georgia Fund 1 represents the County’s portion of a pooled investment account operated by the Office of State Treasurer. The pool consists of U.S. treasury obligations, securities issued or guaranteed by the U.S. Government or any of its agencies or instrumentalities, banker’s acceptances, overnight and term repurchase agreements with highly rated counterparties, and collateralized bank accounts. Fair value of the investment in the Georgia Fund 1 is equal to the value of the pool of shares. As of September 30, 2023, the County’s investment in Georgia 1 was rated AA+ by Standard & Poor’s. Funds included in this Pool are not required to be collateralized.

E. Interfund Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal period as well as all other outstanding balances between funds are reported as “due to/from other funds.” Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as “internal balances.”

Advances between funds, as reported in the fund financial statements, represent long-term borrowing arrangements with established repayment schedules, and are offset by a fund balance account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

F. Inventories and Prepaid Items

Inventories are valued at cost, which approximates market, using the first-in/first-out (FIFO) method. Inventories consist of expendable supplies held for consumption. The cost is recorded as an asset at the time the individual item is purchased. Inventories reported in the governmental funds are equally offset by a nonspendable fund balance category, which indicates that they do not constitute “available, spendable resources” even though they are a component of net current assets. The consumption method is used to account for inventory items within the County’s funds.

CHEROKEE COUNTY, GEORGIA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2023

Payments to vendors for services that will benefit periods beyond September 30, 2023, are recorded as prepaid items. Prepaid items reported in the governmental funds are also equally offset by a nonspendable fund balance category, which indicates that they do not constitute “available, spendable financial resources” even though they are a component of net current assets. The consumption method is used to account for prepaid items within the County’s funds.

G. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets, are reported in the government-wide financial statements. Capital assets, not including infrastructure, are defined by the County as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years. All infrastructure assets are capitalized, regardless of cost. Assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are reported at their acquisition value as of the date of donation.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets’ lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Capital assets of the primary government are depreciated using the straight line method over the following useful lives:

<u>Asset Class</u>	<u>Estimate Useful Life</u>
Buildings and improvements	50
Machinery and equipment	5-20
Vehicles	5
Infrastructure	25-50

H. Deferred Outflows/ Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until that time. The County has two items which qualify for reporting in this category. They are the deferred outflows of resources related to the recording of changes in its net pension liability and its total OPEB liability. Certain changes in the net pension liability and the total OPEB liability are recognized as pension or OPEB expense over time instead of all being recognized in the year of occurrence. The difference between projected investment return on pension investments and actual return on those investments is also deferred and amortized against pension expense.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenues) until that time. The governmental funds report unavailable revenues from property taxes as these amounts are deferred and will be recognized as an inflow of resources in the period in which the amounts become available. Additionally, the

CHEROKEE COUNTY, GEORGIA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2023

governmental funds balance sheet and government wide statement of net position will report property tax revenues as a deferred inflow of resources as the amount represents resources associated with an imposed non-exchange revenue transaction received or reported as a receivable before the period for which the property taxes were levied. These revenues will be recognized as an inflow of resources in the period for which they were levied. Deferred inflows of resources relating to OPEB are also reported in the government wide and proprietary funds statement of net position.

I. Long-Term Obligations

In the government-wide financial statements and proprietary fund types fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expended in the year of issuance.

In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. The face amount of the debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Bond issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

J. Compensated Absences

It is the County's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. Employees can accumulate up to 320 hours of vacation leave for regular employees and up to 480 hours of vacation leave for fire district employees. The amount of sick leave that can be accumulated is unlimited.

Employees are entitled to all accrued vacation and fifty percent (50%) of all accrued sick leave upon separation, regardless if retirement qualifications are met. All vacation and sick leave is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignation and retirements.

K. Fund Equity

Fund equity at the governmental fund financial reporting level is classified as "fund balance." Fund equity for all other reporting is classified as "net position."

Fund Balance - Generally, fund balance represents the difference between the assets and deferred outflows of resources and the liabilities and deferred inflows of resources under the current financial resources management focus of accounting. In the fund financial statements, governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the County is bound to honor constraints on the specific purpose for which amounts in those funds can be spent.

CHEROKEE COUNTY, GEORGIA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2023

Fund balances are classified as follows:

Nonspendable - Fund balances are reported as nonspendable when amounts cannot be spent because they are either (a) not in spendable form (i.e. items that are expected to be converted to cash) or (b) legally or contractually required to be maintained intact.

Restricted - Fund balances are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the County or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

Committed - Fund balances are reported as committed when they can be used only for specific purposes pursuant to constraints imposed by a formal vote (resolution) action of the County Commission. Only the County Commission may modify or rescind the commitment through the passage of a resolution.

Assigned - Fund balances are reported as assigned when amounts are constrained by the County's intent to be used for specific purposes, but are neither restricted or committed. The Board of Commissioners retains the authority to make assignments.

Unassigned - Fund balances are reported as unassigned as the residual amount when the balances do not meet any of the above criterion. The County reports positive unassigned fund balance only in the General Fund.

Flow Assumptions - When both restricted and unrestricted amounts of fund balance are available for use for expenditures incurred, it is the County's policy to use restricted amounts first and then unrestricted amounts as they are needed. For unrestricted amounts of fund balance, it is the County's policy to use fund balance in the following order: (1) Committed, (2) Assigned, (3) Unassigned.

Net Position - Net position represent the difference between assets, deferred outflows of resources, liabilities, and deferred inflows of resources in reporting which utilizes the economic resources measurement focus. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used (i.e. the amount that the County has spent) for the acquisition, construction or improvement of those assets. This net investment amount also is adjusted by any deferred bond premiums, discounts or refunding amounts. Net position is reported as restricted using the same definition as used for restricted fund balance as described in the section above. All other net position is reported as unrestricted.

L. Pensions

For purposes of measuring the net pension liability, deferred outflows of resource, deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Cherokee County Defined Benefit Plan (the Plan) and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

M. Interfund Transfers

Transactions that constitute reimbursement to a fund for expenditures/expenses initially made from it that are properly applicable to another fund are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed. All other fund transactions, except interfund reimbursement transactions are reported as transfers.

CHEROKEE COUNTY, GEORGIA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2023

N. Management Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflow of resources, liabilities, deferred inflows of resources, and the disclosure of contingent liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2. RECONCILIATION OF GOVERNMENT-WIDE FINANCIAL STATEMENTS AND FUND FINANCIAL STATEMENTS

A. Explanation of Certain Differences Between the Governmental Fund Balance Sheet and the Government-wide Statement of Net Position

The governmental fund balance sheet includes a reconciliation between *fund balance-total governmental funds and net position – governmental activities* as reported in the government-wide statement of net position. One element of that reconciliation explains that “long-term liabilities are not due and payable in the current period and, therefore, are reported in the funds. The details of this difference are as follows:

Bonds payable:	\$ (36,370,000)
Add: Original issue premium	(225,512)
Financed purchase	(568,949)
GTIB loan payable	(2,669,430)
Claims payable	(991,971)
Landfill postclosure costs	(3,025,583)
Compensated absences	<u>(20,451,576)</u>
Net adjustment to reduce fund balance-total governmental funds to arrive at net position-governmental activities	<u><u>\$ (64,303,021)</u></u>

B. Explanation of Certain Differences Between the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances and the Government-wide Statement of Activities

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between *net changes in fund balance – total governmental funds* and *changes in net position of governmental activities* as reported in the government-wide statement of activities. One element of that reconciliation explains that “the net effect of various miscellaneous transactions involving capital assets (i.e., donations, sales and trade-ins is to increase net assets.” The details of this difference are as follows:

Donations of capital assets	\$ 6,825,822
Disposal of capital assets	(1,080,933)
Transfer of capital assets to EMS fund	<u>(766,150)</u>
Net adjustment to increase fund balance- total governmental funds to arrive at net position-governmental activities	<u><u>\$ 4,978,739</u></u>

CHEROKEE COUNTY, GEORGIA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2023

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between *net changes in fund balances – total governmental funds and changes in net position of governmental activities* as reported in the government-wide statement of activities. One element of that reconciliation explains that “Governmental funds report capital outlay as expenditures. However, in the statement of activities the cost of those assets is allocated over their useful lives and reported as depreciation expense.” The details of this difference are as follows:

Capital outlay	\$ 60,302,925
Depreciation expense	<u>(49,070,624)</u>
Net adjustment to decrease net changes in fund balances-total governmental funds to arrive at changes in net position of governmental activities	<u>\$ 11,232,301</u>

Another element of that reconciliation explains that “Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.” The details of this difference are as follows:

Compensated absences	\$ (779,197)
Insurance claims	266,181
Amortization expense	72,735
Pension expense	(7,023,611)
OPEB expense	(1,061,564)
Landfill monitoring costs	<u>254,487</u>
Net adjustment to increase net changes in fund balances- total governmental funds to arrive at changes in net position of governmental activities	<u>\$ (8,270,969)</u>

NOTE 3. DEPOSITS AND INVESTMENTS

A. Credit Risk

State statutes authorize the County to invest in obligations of the State of Georgia or other States; obligations issued by the U.S. Government; obligations fully insured or guaranteed by the U.S. Government or by a government agency of the United States; obligations of any corporation of the U.S. Government; prime banker’s acceptances; the local government investment pool established by State law; repurchase agreements; and obligations of other political subdivisions of the State of Georgia. The County does not have an investment policy and, therefore, has elected to follow State statutes for limiting credit risk on investments.

At September 30, 2023, the County had the following investments:

Investment	Maturity	Amount
Georgia Fund 1	30 day WAM	\$ 14,026,114
		<u>\$ 14,026,114</u>

The County reports its investments in Georgia Fund 1 as cash equivalents in the financial statements as of September 30, 2023.

CHEROKEE COUNTY, GEORGIA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2023

B. Interest Rate Risk

As a means of limiting exposure to fair value losses arising from rising interest rates, the County limits at least half of the County's investment portfolio to maturities of less than one year.

C. Custodial Credit Risk – Deposits

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the County will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The County reduces its exposure to this risk by requiring deposits to be collateralized in accordance with state statutes. As of September 30, 2023, the County was not exposed to custodial credit risk.

NOTE 4. RECEIVABLES

Receivables at September 30, 2023, for the County's individual major funds and nonmajor funds are as follows:

	General Fund	Fire District	Nonmajor Governmental Funds
	<u> </u>	<u> </u>	<u> </u>
Receivables:			
Property taxes	\$68,677,464	\$ 33,343,308	\$ 6,200,273
Accounts	<u>16,838,632</u>	<u>5,100</u>	<u>470,551</u>
Gross receivables	85,516,096	33,348,408	6,670,824
Less allowance for uncollectibles	<u>633,040</u>	<u>208,463</u>	<u>36,359</u>
Net receivables	<u><u>\$84,883,056</u></u>	<u><u>\$ 33,139,945</u></u>	<u><u>\$ 6,634,465</u></u>
		Non-major Conference Center	Internal Service Funds
	<u>EMS</u>	<u> </u>	<u> </u>
Receivables:			
Accounts	\$30,619,051	\$ 12,378	\$ 1,113,738
Less allowance for uncollectibles	<u>29,160,275</u>	<u>-</u>	<u>-</u>
Net total receivables	<u><u>\$ 1,458,776</u></u>	<u><u>\$ 12,378</u></u>	<u><u>\$ 1,113,738</u></u>

CHEROKEE COUNTY, GEORGIA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2023

The County bills and collects its own property taxes as well as taxes for the Cherokee County School System (“School System”) and some municipalities within the County. Collections of the County taxes and remittance of them to the General Fund, Fire District Fund, Debt Service Fund, the School System, the City of Ball Ground, the City of Canton, and the City of Nelson are accounted for in the Tax Commissioner Agency Fund. County property taxes are recognized when levied to the extent that they result in current receivables. Property taxes are levied in July based on assessed values on January 1st and are due on November 15th of each year. Collections of property taxes are made throughout the year. Liens may be attached to property for unpaid taxes at any time within three years after the due date.

NOTE 5. CAPITAL ASSETS

A. Primary Government

	Beginning Balance	Increases	Transfers	Decreases	Ending Balance
Governmental activities:					
Capital assets, not being depreciated:					
Land and land improvement	\$ 306,458,474	\$ 3,694,027	\$ 1,926,621	\$ (248,449)	\$ 311,830,673

For governmental activities, claims payable, compensated absences, landfill postclosure costs, pension liabilities, and OPEB liabilities are generally liquidated by the General Fund.

CHEROKEE COUNTY, GEORGIA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2023

Bonds Payable (Direct Borrowing/Placements). The County has general obligation bonds payable outstanding at September 30, 2023, which includes the following individual issues:

Purpose	Interest Rate	Term	Due Date	Original Amount	Outstanding Amount
Recovery zone economic development bond-2010	4.52%	15 years	2025	\$ 10,767,000	\$ 2,767,000
Recreation bond- 2012	1.90%	15 years	2026	11,410,000	2,120,000
Recreation bond- 2014	2.84%	15 years	2029	22,823,000	14,698,000
Refunding bond- 2016	1.67%	14 years	2029	28,450,000	16,785,000
			Plus unamortized premium		225,512
					<u>\$ 36,595,512</u>
			Less current maturities		5,540,000
					<u><u>\$ 31,055,512</u></u>

The 2016 Refunding bonds were issued to refund a portion of the Series 2009 Parks and Recreation bonds. The refunding reduced total debt service payments by \$3,617,333, resulting in an economic gain (difference between the present values of the debt service payments on the old and new debt) of \$3,252,728. The amount of defeased debt outstanding but removed for the County's records totaled \$16,640,000 at September 30, 2023.

The 2009, 2010, 2012, and 2014 bond series were issued to assist with the financing of the purchase, construction and improvement of parks, recreational land, facilities and equipment, including green space.

Annual debt service requirements on the general obligation bonds are as follows:

Fiscal Year Ending September 30,	Principal	Interest
2024	\$ 5,540,000	\$ 790,321
2025	5,730,000	640,802
2026	5,935,000	503,825
2027	6,150,000	372,745
2028	6,385,000	228,006
2029	6,630,000	77,064
	<u>\$ 36,370,000</u>	<u>\$ 2,612,763</u>

Financed Purchase (Direct Borrowing/Placements). Various leases for financing vehicles were entered into by the County. The leases expire beginning fiscal year 2026 through 2027. The gross amount of Governmental Activities assets on the balance sheet recorded under leases is \$3,175,139 and accumulated depreciation is \$2,640,615. Amortization expense of the assets recorded under the leases is included in depreciation expense. The debt service requirements on these leases are as follows:

Fiscal Year Ending September 30,	Principal	Interest
2024	\$ 194,333	\$ 32,345
2025	111,155	22,361
2026	108,650	14,917
2027	97,358	7,987
2028	57,453	2,516
	<u>\$ 568,949</u>	<u>\$ 80,126</u>

CHEROKEE COUNTY, GEORGIA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2023

Note Payable (Direct Borrowing/Placement). In May 2022, the County was awarded a \$2,900,000 note (“2022 GTIB Note”) from the State Road and Tollway Authority's Georgia Transportation Infrastructure Bank ("GTIB") for road and infrastructure development. The 2022 GTIB note bears interest at a rate of 0.21% compounding annually. Interest will begin to accrue at the earliest of the completion date of the project, date the note is fully disbursed, or on the notes effective date of February 1, 2024 (the “Amortization Commencement Date”). The 2022 GTIB note is due in monthly installments beginning on the Amortization Commencement Date and matures on the 5th anniversary of the Amortization Commencement Date. The County did not begin to make draws on the 2022 GTIB Note until April of 2023. As of September 30, 2023, \$2,669,430 has been drawn down and is outstanding. The debt service requirements on the 2022 GTIB Note after the final withdrawal of \$230,570 are as follows:

Fiscal Year Ending September 30,	Principal	Interest
2024	\$ 384,910	\$ 3,824
2025	578,376	4,725
2026	579,592	3,509
2027	580,810	2,291
2028	582,031	1,070
2029	194,281	85
	\$ 2,900,000	\$ 15,504

Landfill Postclosure Costs. The County owns and operated a landfill site which began operating in November 1976. State and federal regulations require the County to close its landfill once its capacity was reached on July 1, 1994, and to monitor and maintain the site for 30 years after closure.

The County elected an early closure date of October 3, 1993, and for that reason was exempt from the 30 year rule, and was required to monitor the landfill for only five years. However, recent monitoring has detected levels of contamination higher than permissible. Engineers are in the process of obtaining the Georgia Environmental Protection Division’s acceptance of the County’s corrective action plan. At this time, engineering studies estimate postclosure costs of approximately \$3,025,583 over the next 4 years. These costs are based on the amount that would be paid if all equipment, facilities, and services required to monitor and maintain the landfill were acquired as of September 30, 2023. However, actual costs may be higher due to inflation, changes in technology, or changes in landfill laws and regulations.

Legal Debt Margin. The County is subject to a debt limit that is 10% of its total assessed taxable property valuation. At September 30, 2023, that amount was \$2,026,919,538. As of September 30, 2023, the total outstanding debt applicable to the limit was \$36,595,512.

B. Discretely Presented Component Unit – Cherokee County Department of Public Health

Long-Term Obligations. The following is a summary of changes in long-term obligations of the Department for the year ended June 30, 2023:

	Beginning Balance	Additions	Reductions	Ending Balance	Due within One Year
Compensated absences	\$ 672,520	\$ 403,512	\$ (443,282)	\$ 632,750	\$ 379,650
Leases	1,034,960	-	(213,253)	821,707	223,001
Total long-term obligations	\$ 1,707,480	\$ 403,512	\$ (656,535)	\$ 1,454,457	\$ 602,651

CHEROKEE COUNTY, GEORGIA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2023

C. Discretely Presented Component Unit – Sequoyah Regional Library System

Long Term Obligations. The following is a summary of changes in long-term obligations of the Department for the year ended June 30, 2023:

	Beginning Balance	Additions	Reductions	Ending Balance	Due within One Year
Compensated absences	\$ 73,648	\$ 164,197	\$ 158,759	\$ 79,086	\$ 15,817
Total long-term obligations	<u>\$ 73,648</u>	<u>\$ 164,197</u>	<u>\$ 158,759</u>	<u>\$ 79,086</u>	<u>\$ 15,817</u>

NOTE 7. INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

The composition of interfund balances as of September 30, 2023, is as follows:

Receivable Fund	Payable Fund	Amount
General fund	Nonmajor governmental funds	\$ 458,183
General fund	Internal Service Funds	60,556
		<u>\$ 518,739</u>

These balances resulted from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, and (2) transactions are recorded in the accounting system.

Transfers between the funds as of September 30, 2023 are as follows:

Transfer In Fund	Transfer Out Fund	Amount
General fund	Nonmajor governmental funds	\$ 150,000
General fund	ARPA grant fund	100,000
General fund	Fire District fund	258,441
		508,441
Nonmajor governmental funds	General fund	4,328,394
Nonmajor governmental funds	Nonmajor governmental funds	164,976
		4,493,370
SPLOST fund	Nonmajor governmental funds	3,851,000
		3,851,000
EMS fund	General fund	6,874,245
		6,874,245
Nonmajor proprietary funds	Nonmajor governmental funds	579,215
		579,215
		<u>\$ 16,306,271</u>

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that the statute or budget requires to expend them, (2) move receipts restricted to debt

CHEROKEE COUNTY, GEORGIA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2023

service from the funds collecting the receipts to the debt service fund as debt service payments become due, and (3) use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations. The majority of the County’s transfer activity is to fund ongoing and planned capital projects. All County transfers either occur on a regular basis or are consistent with the purpose of the fund making the transfer.

NOTE 8. DEFINED BENEFIT PENSION PLAN

Plan Description. The County, as authorized by the County Commission, has established a non-contributory defined benefit pension plan, The Cherokee County Defined Benefit Plan (the Plan), covering substantially all of the County’s employees. The County’s pension plan is administered through the Association County Commissioners of Georgia Third Restated Defined Benefit Plan (the ACCG Plan), an agent multiple-employer pension plan administered by the GEBCorp and affiliated with the Association of County Commissioners of Georgia (ACCG). The Plan provides retirement, disability, and death benefits to plan members and beneficiaries. Plan benefits are provided for Plan participants who were participants in the Plan before January 1, 2004 whereby retirees receive between 1% and 1.75% multiplied by the average of the highest five consecutive years of earnings multiplied by the total credited years of service. Plan benefits are provided for Plan participants who were participants in the Plan on or after January 1, 2004 whereby retirees receive 1% multiplied by the average of the highest five consecutive years of earnings multiplied by the total credited years of service. The ACCG, in its role as the Plan sponsor, has the sole authority to establish and amend the benefit provisions and the contribution rates of the County related to the Plan, as provided in Section 19.03 of the ACCG Plan document. The County has the authority to amend the adoption agreement, which defines the specific benefit provisions of the Plan, as provided in Section 19.02 of the ACCG Plan document. The County Commission retains this authority. The ACCG Plan issues a publicly available financial report that includes financial statements and required supplementary information for the pension trust. That report may be obtained at www.gebcorp.com or by writing to Association County Commissioners of Georgia, Retirement Services, 191 Peachtree Street, NE, Atlanta, Georgia 30303 or by calling (800) 736-7166.

Plan Membership. As of January 1, 2023 pension plan membership consisted of the following:

Retirees, Beneficiaries, and Disables receiving benefits	536
Terminated plan participants entitled to but not yet receiving benefits	1,212
Active employees participating in the Plan	1,722
Total number of Plan participants	3,470

Contributions. The Plan is subject to minimum funding standards of the Georgia Public Retirement Systems Standard law. The Board of Trustees of the ACCG Plan has adopted a recommended actuarial funding policy for the plan which meets state minimum requirements and will accumulate sufficient funds to provide the benefits under the plan. The funding policy for the Plan, as adopted by the County Commission, is to contribute an amount equal to or greater than the actuarially recommended contribution rate. This rate is based on the estimated amount necessary to finance the costs of benefits earned by plan members during the year, with an additional amount to finance any unfunded accrued liability. For the year ended September 30, 2023, the County’s contribution rate was 18.06% of annual payroll. County contributions to the Plan were \$17,280,817 for the year ended September 30, 2023.

CHEROKEE COUNTY, GEORGIA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2023

Net Pension Liability of the County. The County’s net pension liability was measured as of December 31, 2022. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as January 1, 2022 with update procedures performed by the actuary to roll forward to the total pension liability measured as of December 31, 2022.

Actuarial Assumptions. The total pension liability in the January 1, 2022 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.00%
Salary increases	3.50% - 5.50%, based on age
Investment rate of return	7.00%, per year

Mortality table was changed from Pub-2010 Amount weighted Mortality Table with a blend of 50% of the General Employees Table and 50% of the Public Safety Employees with Scale AA to 2022 to the Pub-2010 Amount weighted Mortality Table with a blend of 50% of the General Employees Table and 50% of the Public Safety Employees with Scale AA to 2023.

The actuarial assumptions used in the January 1, 2022 valuation were based on the results of an actuarial experience study through February 2019.

The long-term expected rate of return on pension plan investments was determined through a blend of using a building-block method based on 20-year benchmarks (33.33%) and 30-year benchmarks (33.33%), as well as forward-looking capital market assumptions for a moderate asset allocation (33.34%), as determined by UBS. Expected future rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan’s target asset allocation as of December 31, 2022 are summarized in the table below:

Asset class	Target allocation	Long-term expected real rate of return
Fixed income	30.00%	25% - 35%
Large Cap equity	30.00%	25% - 35%
International equity	15.00%	10% - 20%
Other equity	25.00%	2.5% - 10%
	<u>100.00%</u>	

Discount Rate. The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that County contributions will be made based on the average County contribution made to the Plan over the prior five years. Based on this assumption, the pension plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all of the projected benefit payments to determine the total pension liability.

CHEROKEE COUNTY, GEORGIA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2023

Changes in the Net Pension Liability of the County. The changes in the components of the net pension liability of the County for the year ended September 30, 2023 were as follows:

	Total Pension Liability (a)	Net Fiduciary Position (b)	Net Pension Liability (a) - (b)
Balances at December 31, 2021	\$ 231,941,530	\$ 161,202,801	\$ 70,738,729
Changes for the year:			
Service cost	7,606,710	-	7,606,710
Interest	15,871,476	-	15,871,476
Liability Experience (Gain)/Loss	11,668,539		11,668,539
Assumption Change	332,251		332,251
Plan change	90,538		90,538
Contributions - employer	-	15,428,539	(15,428,539)
Contributions - employee	-	5,759,943	(5,759,943)
Net investment income	-	(23,276,288)	23,276,288
Benefit payments, including refunds of employee contributions	(10,412,312)	(10,412,312)	-
Differences in expected and actual experience	-	-	-
Administrative expense	-	(312,619)	312,619
Other changes	-	(994,243)	994,243
Net changes	<u>25,157,202</u>	<u>(13,806,980)</u>	<u>38,964,182</u>
Balances at December 31, 2022	<u>\$ 257,098,732</u>	<u>\$ 147,395,821</u>	<u>\$ 109,702,911</u>

The required schedule of changes in the County's net pension liability and related ratios immediately following the notes to the financial statements presents multiyear trend information about whether the value of the plan assets is increasing or decreasing over time relative to the total pension liability.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate. The following presents the net pension liability of the County, calculated using the discount rate of 7.00%, as well as what the County's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00%) or 1-percentage-point higher (8.00%) than the current rate:

	1% Decrease (6.00%)	Current discount rate (7.00%)	1% Increase (8.00%)
County's net pension liability	\$ 147,510,041	\$ 109,702,911	\$ 78,704,646

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continual revision as results are compared to past expectations and new estimates are made about the future. Actuarial calculations reflect long-term perspective. Calculations are based on the substantive plan in effect as of December 31, 2022 and the current sharing pattern of costs between employer and employee.

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. For the year ended September 30, 2023, the County recognized pension expense of \$24,911,845. At September 30, 2023, the County reported deferred outflows of resources related to pensions from the following sources:

CHEROKEE COUNTY, GEORGIA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2023

	Deferred Outflows of Resources	Deferred Inflows of Resources
Net difference between projected and actual earnings on pension plan investments	\$ 16,292,447	\$ -
Differences between expected and actual experience	19,154,433	-
Assumption changes	3,352,657	-
Contributions made after the measurement date	12,795,025	-
Total	\$ 51,594,562	\$ -

The County’s contributions subsequent to the measurement date of \$12,795,025 are reported as deferred outflows of resources and will be recognized as a reduction of the net pension liability in the fiscal year ending September 30, 2024. The other amount reported as deferred outflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended September 30:	
2024	\$ 11,913,079
2025	8,692,595
2026	9,310,014
2027	8,883,849
	\$ 38,799,537

NOTE 9. DEFINED CONTRIBUTION PENSION PLAN

Prior to January 1, 2003, the County offered its employees a defined contribution money purchase pension plan, a single employer plan, in accordance with Internal Revenue Code Section 401(a). Effective January 1, 2003, this Plan was closed to new enrollees. The Plan was established by the Cherokee County Board of Commissioners and is administered by Voya. It is available to all full-time employees who work more than 1,716 hours per year. Employees are 100% vested in the County’s contributions after five years of service. The County has the authority to amend the Plan provisions. At September 30, 2023, there were 136 terminated/retired former employees and 136 active employees with balances of which 6 are active participants. The contributions are not available to Plan participants until termination, retirement, death or disability. Contribution requirements are established and may be amended by the Cherokee County Board of Commissioners. The County contributes 4% of eligible salary to the 401(a) Plan and a 50% matching contribution for every employee dollar contributed to the deferred compensation plan (Section 457 Plan) up to 3% of pay. Employees are not required to contribute. For the year ended September 30, 2023, the County’s contribution to the Plan was \$43,585. There are no administrative fees charged directly to the Plan or participants. No publicly available financial report that includes financial statements and required supplementary information issued.

NOTE 10. OTHER POSTEMPLOYMENT BENEFITS

Plan Description. The Cherokee County Retirement Pension Insurance Plan (the “OPEB Plan”) is a single employer defined benefit postemployment health care plan or other postemployment benefit (OPEB) plan.

CHEROKEE COUNTY, GEORGIA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2023

The County offers postemployment benefits to eligible employees enrolled in the County’s medical plans. The Plan is administered by Blue Cross-Blue Shield and amendments or changes to the Plan are made by the County’s Board of Commissioners. There are no separately issued financial statements related to the County’s Plan. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement 75.

The Plan provides subsidies for eligible employees, whereby the County contributes a portion of the retiree’s premium.

Eligible retirees are offered the same health and prescription drug coverage as active employees. Plan members receiving benefits under the Cigna Plan contribute \$864.40 for retiree only and \$1,398.48 for retiree plus spouse, per month. Plan members receiving benefits under the Northside Plan contribute \$793.08 for retiree only and \$1,284.63 for retiree plus spouse, per month.

The County contributes 100% towards retirees who were grandfathered into the plan, as part of the incentivized retirement plan. The County contributes until these employees reach the age of 65.

Employees must be a minimum age of 55 years with 5 or more years of service in order to receive benefits. They also may meet the requirements by having age plus service equal 70 years or have at least 30 years of service. Eligible employees can elect to receive coverage for their spouses.

Plan Membership. The following schedule (derived from the most recent actuarial valuation report) reflects membership for the OPEB Plan as of September 30, 2023.

Active employees	1,406
Retirees	<u>45</u>
Total number of Plan participants	<u><u>1,451</u></u>

Total OPEB Liability. The County’s total OPEB liability was determined by an actuarial valuation as of September 30, 2022 and rolled forward to the measurement date of September 30, 2023.

Actuarial assumptions. The total OPEB liability as of September 30, 2023 was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Inflation	3.00%	
Salary increases	4.00%	
Discount Rate	4.87%	
Healthcare cost trend rate	5.90%	
Retirees' share of benefits related costs		Retirees pay 100% of the total premium for medical, dental, and vision benefits, unless they have attained 25 or more years of service at the time of retirement. Retirees with 25 but less than 30 years of service receive a premium subsidy of 75% of the cost of single coverage. Retirees with 30 or more years receive a premium subsidy of 100% of the cost of single coverage.

CHEROKEE COUNTY, GEORGIA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2023

The discount rate was based on S&P Municipal Bond 20 Year High Grade Rate Index as of September 30, 2023.

Mortality rates were based on the Pub-2010 GE (50%) & PS (50%), Amt-Weighted with Scale AA to 2023.

The actuarial assumptions used in the September 30, 2023 valuation were based on the results of February 2019 experience study.

Changes in the Total OPEB Liability

	Total OPEB Liability
Balances at 9/30/2022	\$ 12,205,793
Changes for the year:	
Service cost	958,347
Interest	594,422
Differences between expected and actual experience	3,740,917
Changes of assumptions	(1,279,257)
Changes in benefit terms	-
Employer contributions	(846,936)
Net changes	3,167,493
Balances at 9/30/2023	\$ 15,373,286

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate and Healthcare Cost Trend rates. The following presents the total OPEB liability of the County, as well as what the County's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (3.87%) or 1-percentage-point higher (5.87%) than the current discount rate:

	1% Decrease (3.87%)	Discount Rate (4.87%)	1% Increase (5.87%)
Total OPEB liability (asset)	\$ 16,826,791	\$ 15,373,286	\$ 14,068,200

The following presents the total OPEB liability of the County, as well as what the County's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower (4.9%) or 1-percentage-point higher (6.9%) than the current healthcare cost trend rates:

	1% Decrease (4.9%)	Healthcare Cost Trend Rates (5.9%)	1% Increase (6.9%)
Total OPEB liability (asset)	\$ 13,722,529	\$ 15,373,286	\$ 17,321,129

CHEROKEE COUNTY, GEORGIA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2023

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB. For the year ended September 30, 2023, the County recognized OPEB expense of \$1,091,081. At September 30, 2023, the County reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ 6,995,581
Changes of assumptions	8,666,908	-
Net difference between projected and Total	\$ 8,666,908	\$ 6,995,581

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year ended September 30,		
2024	\$	385,248
2025		374,956
2026		361,209
2027		381,475
2028		120,558
Thereafter		47,881
	\$	1,671,327

NOTE 11. RISK MANAGEMENT

The County is exposed to various risks of loss related to torts, thefts, damage and destruction of assets; errors and omissions; and natural disasters. The County is Self- Insured for Workers' Compensation claims and certain cancer benefits for eligible firefighters. The Self-Insurance Policy is described below. The County has purchased insurance for all other risks of loss. Losses have not exceeded insurance coverage in the last three years.

The County is required by the State Board of Workers' Compensation to purchase a Workers' Compensation Excess Policy. The current policy provider is Safety National. The County has a Self-Insured Retention (SIR) of \$750,000. Previously the County had a \$600,000 SIR. The County is liable up to the SIR amount. Once the SIR is reached, the County is not liable for anything over this excess amount and the County is reimbursed. The County's current Experience Modification factor is 0.73. An Experience Modification Factor of 1.0 is the industry average. The County uses a Third Party Administrator, Key Risk Management Services, to administer the Workers' Compensation claims. This activity is recorded in the fund where the injured employee is compensated. The following describes the activity related to these claims based on actual claims presented after fiscal year-end and historical experience. Based on historical payouts of the claims, management has determined that seventy-five percent (75%) of the liability would be paid within one fiscal year and is reflected in the statement of net position as such.

CHEROKEE COUNTY, GEORGIA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2023

Changes in the balances of claims liabilities during the current fiscal year and prior two years are as follows:

Fiscal Year/ Period	Beginning of Year Claims Liability	Current Year Claims and Changes In Estimates	Claims Paid	End of Year Claims Liability
2023	\$ 1,258,152	\$ 484,121	\$ 750,302	\$ 991,971
2022	1,571,979	215,342	529,169	1,258,152
2021	1,039,102	1,222,100	689,223	1,571,979

NOTE 12. COMMITMENTS AND CONTINGENT LIABILITIES

Contractual Commitments:

In addition to the liabilities enumerated in the balance sheet, at September 30, 2023, the County has contractual commitments on uncompleted contracts of \$16,819,351.

Litigation:

The County is involved in several pending lawsuits. Liability, if any, which might result from these proceedings, would not, in the opinion of management and legal counsel, have a material adverse effect on the financial position of the County.

Grant Contingencies:

The County received Federal and State grants for specific purposes that are subject to review and audit by the grantor agencies. Such audits could lead to the disallowance of certain expenditures previously reimbursed by those agencies. Based upon prior experience, management of the County believes such disallowances, if any, will not be significant.

NOTE 13. FUND BALANCE/NET POSITION DEFICITS

A fund balance deficit of \$72,023 exists in the Debt Service Fund, respectively. It is expected that property tax revenues in future years will provide positive fund balance.

NOTE 14. HOTEL/MOTEL LODGING TAX

The County has levied a 6% lodging tax. During the fiscal year ended September 30, 2023, the County spent \$644,215 to promote tourism, conventions, and trade shows. This is 100% of the tax receipts to be expended for these purposes under the Official Code of Georgia Annotated 48-13-51. The County complies with the requirement under this law.

CHEROKEE COUNTY, GEORGIA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2023

NOTE 15. TAX ABATEMENTS

The public purpose of the Cherokee County Development Authority is promoting and expanding for the public good and welfare, industry and trade within Cherokee County and reducing unemployment to the greatest extent possible. The Cherokee County Development Authority, in coordination with Cherokee County government, provide a tax incentive program for qualified industries locating/located in Cherokee County. The purpose of this program is to encourage additional investment from new and existing industries to grow and diversify the tax base and local economy. Eligibility for the tax abatement program is based off of the number and quality of jobs created as well as the amount of capital investment. There are claw-back provisions should the recently located company not meet their committed jobs and capital investment numbers. For fiscal year 2023, the agreements abate up to a maximum 90 percent of the tax bills through a reduction in the assessed value though most are less than that percentage. Under these agreements, County personal and real property tax revenues were reduced by \$251,824 during the fiscal year ended September 30, 2023.

NOTE 16. RESTATEMENT

During 2023, capital assets in the Development Authority of Cherokee County, the County's component unit, were restated to properly reflect the capital asset balances. The effect of the restatement to beginning net position and prior year changes in net position are as follows:

	Development Authority of Cherokee County
Beginning Net Position before Restatement	\$ 16,032,312
Restatement	721,948
Beginning Net Position after Restatement	\$ 16,754,260
Changes in Net Postion as previously reported	\$ 4,273,632
Restatement	474,917
Changes in Net Position as Restated	\$ 4,748,549

CHEROKEE COUNTY, GEORGIA
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
SEPTEMBER 30, 2023

1. METHODS AND ASSUMPTIONS TO DETERMINE CONTRIBUTION RATES

Pension Plan:

1. Valuation date: 01/01/23
2. Actuarial cost method: Entry Age Normal
3. Asset valuation method: Smoothed market value with a 5-year smoothing period.
4. Assumed Rate of Return of Investments: 7.00%
5. Amortization Method: Closed level dollar for unfunded liability
6. Includes inflation at 2.00%

2. CHANGES IN ASSUMPTIONS

Pension Plan:

1. There were no changes in assumptions.

OPEB Plan:

1. The discount rate was increased from 4.77% to 4.87%.
2. The medical trend rate was decreased from 6.20% to 5.90%.

3. LEGAL COMPLIANCE- BUDGETS

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

1. On or around September 1, the County Manager submits to the Board of Commissioners a proposed operating budget for the fiscal year commencing the following October 1. The operating budget includes proposed expenditures and the means of financing them.
2. At least one public hearing is conducted to obtain taxpayer comments.
3. The budget is formally approved at the first Board meeting in October, or shortly thereafter as deemed appropriate by the Budget Officer.
4. The County Manager is authorized to transfer amounts between accounts within any department. All supplemental appropriations must be enacted by the County Commission.
5. The legal level of control (the level at which expenditures may not legally exceed appropriations) for each legally adopted annual operating budget is typically at the department level. For the capital project fund budgets the legal level of control is typically the fund as a whole.
6. Annual appropriated budgets are adopted for the General Fund, each Special Revenue Fund, each Capital Projects Fund except project length budgets are adopted for the SPLOST fund, and the Debt Service Fund for the fiscal year ended September 30th. Budget amounts are as originally adopted, or as amended by the Board of Commissioners. The supplementary budgetary appropriations are reflected in the final budget numbers. Unencumbered appropriations lapse at fiscal year-end.

The budgets were adopted on GAAP basis of accounting.

CHEROKEE COUNTY, GEORGIA

NONMAJOR GOVERNMENTAL FUNDS

Special Revenue Funds

Special revenue funds are used to account for specific revenues that are legally restricted or committed to expenditures for a particular purpose.

Sheriff's Commissary Fund – to account for the proceeds of jail inmate commissary sales. These revenues have been committed by the Sheriff to be used on the County Jail and the inmates.

Law Library Fund – to provide for the operation and maintenance of the County's law library. The revenues collected are from legally restricted fines, as restricted by State law.

Senior Services Fund – to account for funds received from various State and local agencies to be expended for social welfare programs, including services for senior citizens. The revenues are generated by Federal and State grants, which are restricted for providing senior services.

Confiscated Assets Fund– to account for confiscated cash seizures by Cherokee County Law enforcement from drug related crimes. Funds may be used for any public safety purpose except salaries of law enforcement personnel, as restricted by State law.

Multiple Grant Fund – to account for restricted grant monies received from various Federal and State agencies.

Drug Abuse and Treatment Fund – to account for collection of penalty assessments in certain drug related court cases. Proceeds are restricted by State law for drug abuse treatment and education programs.

DUI Court Fund – to account for the coordination of substance abuse intervention with judicial support. Revenues are generated by a fine assessment, as restricted in use by State law.

Victim/Witness Fund – to account for the 4% fee added to Court fines restricted by State law, for the benefit of victims of crime and their families.

Parks and Recreation Fund – to account for the charges for services and activities of the County's parks and recreation department. The County has committed the charges generated from the park and recreation programs and alcohol excise taxes to be used for supporting park and recreation functions.

DA Confiscated Assets Fund – to account for District Attorney's (DA) share of confiscated cash seizures by Cherokee County Law enforcement from drug related crimes. Funds may be used for any public safety purpose except salaries of law enforcement personnel, as restricted by State law.

CDBG Fund – to account for the community development block receipts and the expenditures related to the grant. Grant receipts are federally restricted for specific purposes in order to provide benefits to low to moderate income groups.

Jail Fund – to account for collection of penalty assessments in certain court cases. Proceeds are restricted for construction, operation, and staffing of County correctional and detention center, as required by State law.

CHEROKEE COUNTY, GEORGIA

NONMAJOR GOVERNMENTAL FUNDS

Special Revenue Funds (Continued)

Sheriff's Forfeitures Fund– to account for forfeitures to the County's Sheriff's office. These forfeitures are restricted to be used to offset costs of drug prevention and drug traffic enforcement, as required by State law.

E-911 Fund – to account for the activities of the County's E-911 system. Financing is provided by program charges. Revenues are expended for system operations and capital assets, as restricted by State law.

Hotel/Motel Fund– to account for monies collected from the 6% lodging tax. Revenues collected are restricted by State law for the promotion of tourism.

Transportation– to account for the revenues and operating expenses of the City's public transportation system. Revenues of this fund are primarily from federally restricted grants.

Drug Accountability Court– to account for the enhancement of ancillary services that prevent recidivism such as individualized treatment, vocational and educational services and community reintegration services to achieve long term recovery. Funds are provided by fees charged to participants in the program plus grant revenue, and transfers from the DATE Fund, and are legally restricted for specific use.

Mental Health Court– to account for the revenues and operating expenditures of the County's Mental Health Court which supports the needs of the mentally ill who come in contact with the justice system. Revenues of this fund are primarily grant revenues and transfers from the DATE Fund.

Drug Screening Lab– to accounts for the operations and proceeds of the County's Drug Screening Lab.

CARES Act Fund– to account for the CARES Act grant proceeds.

Opioid Settlement Fund – to account for opioid settlement funds.

Capital Projects Funds

Impact Fees- to account for monies collected from a new development based on that development's fair share of the cost to provide additional facilities in the following categories: public roads, libraries, public safety, fire protection, and parks.

Debt Service Fund

Debt Service Fund- to account for the accumulation of resources for repayment of the General Obligation Bonds.

CHEROKEE COUNTY, GEORGIA

STATISTICAL SECTION

This part of Cherokee County's annual comprehensive financial report presents detailed information for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the County's overall financial health.

Financial Trends

These schedules contain trend information to help the reader understand how the County's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the County's most significant local revenue source, property tax.

Debt Capacity

These schedules present information to help the reader assess the affordability of the County's current levels of outstanding debt and the County's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the County's financial activities take place.

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the County's financial report relates to the services the County provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the annual comprehensive financial report for the relevant year.

Note: Development Authority bonds are issued by the Development Authority, a component unit of the County, but through an agreement the County is responsible for debt service payments over and above revenue generated by the authority to pay the bonds.

Note: Resource Recovery Development Authority bonds were issued by the Resource Recovery Development Authority, a blended component unit of the County. The County pledged one millage point to cover debt service payments if the third party operator defaulted on the bonds. The County paid off these loans in 2022.
